VOLUME XXIX NO. 77

SEYMOUR, INDIANA, THURSDAY, MARCH 10, 1910.

PRICE TWO CENTS

## DEMOCRATS

### Rounding Up The Faithful For Primary Tomorrow.

Tomorrow the democrats of Jackson county will nominate candidates for county office. All told there are nineteen candidates for the eleven offices to be filled. Those having no opposition are Henry Price for treasurer, Jerry McOsler for sheriff, J. B. Cross for county assessor, C. M. Beldon for surveyor, and J. W. Tormoehlen for commissioner in the first district.

For representative there are two candidates, Dr. J. M. Shields, of Seymour, and John Branaman, of Brownstown. This is one of the fierce contests and the result will be watched with much interest.

F. W. Wesner, of Seymour, and Noble Hayes, of Scottsburg, are the opposing candidates for prosecutor. The result depends upon the degree of loyalty the Jackson county democrats show at the polls for the candidate in their own county.

The race for county clerk is between Samuel Hunsucker, of Vallonia, J. L. Beldon, of Crothersville, Holmes Robertson, of Cortland, and Willard Stout of Brownstown. Mr. Hunsucker thinks one term is enough and he is running on that platform. None of the other candidates are making promises not to run again. It would be a difficult matter to pick the winner in this race.

The race for recorder is between W. M. Isaacs and Adolph Hermann, both of Brownstown, and most democrats seem to think that Isaacs will win.

Frank Dowden, of Brownstown, and Frank Wheeler, of Freetown, are the opposing candidates for coroner, but no one seems to be interested in this contest, therefore do not care which one is nominated.

Lon Prewitt, of Seymour, and Sherman Hall, of Crothersville, are the candidates for commissioner in the second district and most people are inclined to think that this race will be a close finish.

It is safe to say that Brownstown will get the lion's share of the nominations. At least four and probably six of the men who will be nominated are residents of Brownstown. The democrats about the court house are playing politics to prolong their reign and went into this campaign to shut Seymour democrats out. Unless the democrats of the east end of the county wake up to the situation tomorrow, they will be playing second fiddle in the Jackson county democratic orchestra for the next ten years.

## ANNUAL JUBILEE

### First Battalion to Give Big Celebration.

The First Battalion of Seymour, which consists of about eighty-five representative citizens, will give their second annual jubilee and celebration in this city on July 4th and 5th. It will be a two days celebration this year instead of one day as in 1909. There will be another military display and the plan is now to make it much larger and more demonstrative than was attempted last year.

On the previous occasion it rained almost continuously during the hours in which the program was to be given and many of the acts that were arranged were in progress during a steady down pour of rain. Such weather could hardly be expected again this year, but if it should occur the program will be crowded into the second day as far as possible.

The preparations for the second day will be as elaborate as those of the first day, for many people at a distance who will want to be here at least one day can attend their celebration at home on Fourth and come to Seymour on the following day where the largest celebration in this part of Indiana will be held. A committee of eighteen representing the battalion have already held a meeting and definitely decided to hold the celebration.

The First Battalion consists of three uniformed companies representing three different secret orders of the city and they will put on a public exhibition of regular battalion military movements which will be grander than anything ever attempted in Seymour before. The battalion will be under the command of Major Claude Carter and the various companies will be ably managed by Capt. W. L. Johnson, Capt. Lou Becker and Capt. H. R. Luckey.

Everybody from far and near spoke highly of the plans for a big entertainment for last year and the effect of the efforts at that time will still be noticeable in the crowds that will want to be here this year. The expense of the \$1,200 attraction of last year was handled very nicely despite the rain and with anything like fair weather there should be no difficulty in financing this year's event. The effect of last year's liberal advertising will assist greatly, but as before no expense will be spared along this line.

There will be a big street parade and a program at the city park, the details of which will be worked out later. The different committees will be appointed soon and the preparations will begin earlier than last year.

The battalion will be drilling again in a few weeks and will be an evening attraction during the spring and early summer as last year. The committee desires that everyone get ready now to lend a helping hand and boost as much as possible. Tell your friends to meet you at the Military Jubilee.

## BATH ROOMS

### Seymour Turkish Bath Rooms Centrally Located.

The Seymour Turkish Bath Rooms opened for business Wednesday morning in the Jonas building opposite the Jonas Hotel. The bath rooms will be operated under a company that is being regularly incorporated for that purpose and will be known under the above name.

The officers of the company are: President, Fred Meyer. Vice President, Joseph H. Shea. Treasurer, F. H. Gates. Secretary, W. L. Clark.

The rooms will be open from 7 a. m. till 10:30 p. m., on Saturdays till 12 p. m. and on Sunday mornings from 6 till 12. They will be prepared to give Turkish, salt glow, shampoo, Russian, shower and plain hot and cold water baths. There will be four well furnished rooms up stairs for patients from a distance who wish to come here and remain for treatment for rheumatism, kidney and lung trouble, etc. There will be large cooling rooms, a hot room, toilets, three bath tubs, sanitary plumbing and everything will be kept neat and clean at all times. The interior has been well furnished, repainted, papered and decorated and the cooling room has been well carpeted. A cigar stand will be conducted in the office for the convenience of the customers. The location is convenient to the boarding houses and hotels and the business section of the city. The house will be under the management of William Ahlert, who has spent many years in the business in Seymour and in the west. He will have an assistant and customers can be waited on without any long delays, except when business is crowded. These bath rooms will be very convenient and will be used much more than they were in their former location in the southwest part of the city.

### Examiners In Jackson.

Two field examiners working under the direction of the State Accounting Board dropped into Brownstown Wednesday to make an examination of the public records of Jackson county. The examiners are W. M. Aikman of Washington, and Horatio Harryman, of Bedford. Their first work will be on the books of the township trustees. Then they will go into the records of the county officers and the municipalities. The people will await results with keen interest, hoping that everything will be found regular in Jackson county.

### Physicians Are Naturally Prejudiced

against proprietary or advertised medicines, as the sale of these remedies decrease their income.

However, this may be, the general public is benefited by the use of such standard medicines as Lydia E. Pinkham's Vegetable Compound, with its wonderful record of thousands of cures among suffering women. We are glad to say, however, that there are hundreds of honest physicians in the United States who do not hesitate to recommend such medicines.

## To the Democrats of Jackson County.

The 11th day of March will decide who is to be your prosecuting attorney. Remember that four years ago I was the second highest man in the race, and by long party custom the highest defeated candidate has been nominated when the next turn came around.

It is very expensive to make a race for office, and I need your help.

My opponent has had more than eight years of office already. I have never held anything that paid over a hundred dollars per year—city judge, only, for two years. I am sure every democrat will see to it that I have a square and fair deal by giving me this nomination. Take the good advice Hayes gave to his people: "Stand by a home man," and the victory will be ours.

Yours sincerely,  
FERNANDO W. WESNER.

### Hub Improvements.

The Hub clothing store is putting in a lot of new cases and shelving for trousers which will very greatly facilitate the showing of their goods and improve the general appearance of their store. Probably not a city in the country the size of Seymour has a more enterprising lot of merchants than this city and they set the pace which is followed by others elsewhere who are willing to learn. They not only understand how to display but they have the goods and prices that make permanent customers. [The improvements at the Hub are being made by the Travis Carter Company.

### Worse Than Snake Bite.

Like a serpent with its deadly fangs, kidney trouble quickly entwines the helpless patient, infusing the system with poisonous uric acid. Then the racking pain comes slowly at first, but gains steadily in their unrelenting grasp, finally ending in constant, endless torture. Stop this suffering. Whitmer's Kidney and Liver remedy will do it. Scores of people in Seymour will testify to the wonderful benefit received by its use. Sold at all drug stores, or the company's office. m10d

### Good Seed Corn.

I have a supply of Johnson county white and yellow seed corn. This corn took every prize at the Indiana State Fair, and also won the national prize at the Omaha Corn Show in Nebraska. I will furnish samples to anyone free of charge. Will be on sale at my office, ear and shelled corn. I have the Michigan oats. They are thoroughly cleaned, a very stiff straw, and is a good oats to stand up. Samples free. Growing quality guaranteed. d&w-tf G. H. ANDERSON.

### Chicken Feed.

We are now selling specially selected and cleaned cracked wheat, adapted for feeding little chickens, at \$1.60 per hundred pounds. Orders for hundred pounds or over received by telephone or post card will be delivered any place in the city. We also have the regular wheat screenings at \$1.40. tfs-m8tf BLISH MILLING CO.

### New Nippers.

The city marshal has added a fine pair of nippers to the police department equipment. The nippers or "come along," as they are sometimes called, are of the most improved type and have become very popular with policemen because of their effectiveness.

### May Move Factory.

A committee of Crothersville merchants have been in correspondence with W. A. Carter for some time in regard to moving to Crothersville his Glove and Mitten Factory which is now located at North Vernon. The factory now employs about twelve people, and an additional number could be used if they could be found. The Carter Company manufactures several kinds of canvass gloves and mittens and is doing a larger business each year. They are contemplating adding several other lines and if this is done, a much larger business will be needed. It is understood that several other cities are desirous of securing the factory which will probably be moved from North Vernon in a short time.

### Growth Of a City.

H. E. Jenks sends the REPUBLICAN a series of cards showing the development of Hibbing, Minnesota, where he has been several years. One card shows a few shacks in a dense forest which was the beginning of Hibbing in 1893. Others show nicely paved streets, court house and city hall, two and three story buildings and fine and costly modern school buildings. Hibbing has had a wonderful growth.

### Large Advance Seat Sale.

The advance sale of seats for the next attraction at the Majestic, "The House of a Thousand Candles," which will appear here Monday evening has been very satisfactory and the indications are that there will be a large house to see this popular play. Theatre parties from Brownstown, Crothersville and Scottsburg have already reserved a large number of seats.

### W. C. T. U. Meeting.

With a larger attendance than usual the meeting of the W. C. T. U. which was held Wednesday afternoon at the home of Mrs. S. L. Crowe on Indianapolis Avenue, was very interesting and important. Besides the program which was given as published a report was also received from the Crothersville W. C. T. U. Plans for a county W. C. T. U. Institute for April 8-9 were discussed. The meeting adjourned to meet with Mrs. C. R. Hoffmann, west Tipton street March 23.

### In Special Vaudeville.

A card was received here by a friend a few days ago from Mr. and Mrs. Douglass and son, who were formerly connected with the Airdome here. They had just closed a week's engagement as a special vaudeville attraction with a picture show in one of the leading theatres at London, Ontario. They were the only attraction on the bill, except the pictures, and played to a large crowd every night in the week in a theatre that seats 1,500 people.

### Red Men's Meeting.

Harry Clark, baggagemaster here at the Pennsylvania passenger station, went to Elizabethtown Tuesday evening to attend a special meeting of the Red Men. Nine candidates were adopted. The warriors' degree was given by the Columbus degree team and the Elizabethtown team did the work in the adoption degree. Mr. Clark was there about a month ago and installed the new officers of the lodge. He also organized the lodge about three years ago and has been a prominent member there ever since.

### Sermons By Telephone.

A telephone has been placed in the Methodist Church at Salem, and arrangements have been completed whereby those who are unable to attend church can hear the sermon in their own homes over the phone. It is said many of the aged and infirm members are taking advantage of the innovation. Probably some of the more active members will be trying the experiment in the near future, if it proves satisfactory.

## Too Good to Throw Away

You have said this a score of times about some article at house cleaning time; and according to your mood at the time you finally did throw it away, or you put it back to be in the way until another cleaning time. Why not turn such articles into cash and then get something really useful. There may be other ways of finding the person who wants what you have to sell but the best and surest way is thro the Want Adv. column of the Republican. There are scores of people in Seymour who have used Want Advs. with splendid results.

The best evidence of their value is that people who once use them, come back again and again.

## ONE TERM ONLY

### SAMUEL HUNSUCKER

OF DRIFTWOOD TOWNSHIP

Candidate for Clerk of the Jackson Circuit Court

Subject to the Democratic voters of Jackson county at their Primary Election, Friday, March 11, 1910.

I shall make One Term Only the paramount issue, believing this is an opportune time for the Democrats of Jackson county to establish this precedent as to the County Clerk's office.

At the present ratio only one man in 100 can hold office in eight years. On the one-term theory this ratio will be raised to one out of fifty.

This should especially appeal to the young Democrats of Jackson county and the old voters owe it to their posterity to help establish this principle.

This reform once established the better the opportunities of the young Democrats of the county to be elected to some of the offices to which they are entitled.

Four years ago I was a candidate for Clerk on the "One Term Only" platform, and although I was only out two weeks I received such a substantial vote, and I found so much sentiment in favor of the "One Term" proposition, that I have again decided to enter the race for Clerk, upon the same issue, as none of the present candidates for this office have taken it up.

This will give the Democracy of Jackson county an opportunity to establish this precedent, which should hereafter be their motto. I appeal to the democracy in general to assist in establishing a custom that is universally acknowledged to be fair and just.

As all the candidates for Clerk are making the race for the first term and as I am the only one of the four making the race on this issue, therefore, I am the only candidate for this office for whom you can vote in favor of the one term theory.

I earnestly solicit your support and influence in my behalf to help bring about this reform in the party.

Yours for Democracy and the establishment of the above principle.

THURSDAY, MARCH 10, 1910

THE raid at Brownstown Saturday night is the talk of the entire county and if reports are true some unrest is experienced in other parts of the county. But no man who obeys the law need have any fears. The liberality and freedom that so often characterizes election day better not be indulged in tomorrow.

A FEW democrats representing an element that desires to central the democratic primary have held two caucuses here in Seymour recently and it is said that another is to be held in a secluded place tonight. They have been perfecting a sort of underground organization to pass the word down the line of their slate. Representatives have been picked to be at every polling place tomorrow. Their influence remains to be seen.

#### Announcement.

Fernando W. Wesner, of Jackson township, authorizes his announcement as a candidate for Prosecuting Attorney of the Fortieth Judicial Circuit, composed of the counties of Jackson and Scott, subject to the democratic voters thereof. d&w-tf

#### Notice.

The republican precinct committee-men of Jackson township will meet Saturday evening, March 12, at 7:30 o'clock, in W. J. Weaver's office over Bush's shoe store. Business of importance. Every committeeman urged to be present. m12d

Frank H. Hadley received the first night letter here under the new arrangement of the Western Union Telegraph Company. This new departure will doubtless prove very popular with the general public.

Charles Henderson, of this city, received word Tuesday that his sister, Mrs. Addie Shively, who had just undergone a surgical operation at Chaffee, Mo., was in a serious condition and not expected to recover.

An interurban car on the I. & L. traction line, hit a calf Wednesday evening as the car passed through Retreat.

One of the southbound flyers on the interurban lines was delayed here several minutes yesterday on account of a hot box.

## SUPREME COURT HAS BIG JOB AHEAD OF IT

Government Brief Filed In Two Bulky Volumes.

Washington, March 10.—The brief of the government in the Standard Oil case, which has been set for argument next Monday, has been filed in the supreme court by Attorney General Wickersham, with Frank B. Kellogg, Charles B. Morrison, and C. A. Severance, special assistants to the attorney general, as associates counsel.

The brief is one of the most voluminous ever filed with the court, consisting of two volumes and aggregating 1,094 pages. The first volume is designated a "Summary of the facts and briefs of the law" and contains an exhaustive history of the Standard Oil company from 1870 to the present, showing the absorption of companies to create a monopoly in the production and sale of oil and setting forth in detail the methods used to accomplish that end. The argument on behalf of the government in support of the government's bill and the finding of the lower court that the company's business is conducted in violation of the Sherman act takes up about 225 pages, several chapters being devoted to the contention that the prosecution is not barred by the statute of limitations and that the circuit court has jurisdiction of the case. In Volume 2 of the brief, which is "a detailed statement of facts," there are voluminous quotations from testimony in the courts and investigations.

R. C. Clowry, president of the Western Union Telegraph company, has affirmed the report that his company has acquired a large minority interest in the stock of the American District Telegraph company of New Jersey.

Court Frees Tschakovsky.  
St. Petersburg, March 10.—Nicholas Tschakovsky, tried on the charge of criminal activity in the revolutionary organization, was acquitted. Madame Breshkovskaya was convicted and sentenced to be exiled.

## ANOTHER VOICE FROM THE GRAVE

President Harrison Also Had  
Left a Letter.

### IT REFUTES PLATT'S CHARGE

Former Attorney General W. H. H. Miller Brings to Light a Communication Which President Harrison Had Prepared Against Such a Time as This—This Letter Explicitly Sets Out That Harrison Refused to Countenance For One Moment the Proposition to Take Platt Into His Cabinet.

Indianapolis, March 10.—In connection with the alleged promise of Mr. Harrison to appoint the late Senator Platt to the secretaryship of the treasury, W. H. H. Miller, attorney general in President Harrison's cabinet, has given out a statement. Mr. Miller says in part: "On the 22nd day of August, 1900, in answer to a letter written by me to ex-President Harrison and sent to the Adirondacks, he wrote me a letter, which so far as this subject matter is concerned, is as follows:

"Berkely Lodge, Old Forge, N. Y., Aug. 22, 1900.

"Hon. W. H. H. Miller, Indianapolis, Ind. Mr. Dear Mr. Miller—I have received your letter of the 18th with the enclosed clipping. We take the Press here, and I had seen the same matter in substance in other papers. It seems a little hard that a man who had made as good a record as I on the subject of promises, while a candidate and while in office, should be subjected to the imputation—if one is conveyed—that I had promised a cabinet office to Platt. I not only promptly negated the suggestion from New York that I should make some promise, but while the convention was in session I refused to hold out even the vaguest hint of a promise to Pennsylvania and to the Pacific coast support.

"As to Mr. Platt, as I told him when he came to see me after the election, I never had so much as a suspicion that he wanted a cabinet office, nor had I any thought at any time of giving him one. If Mr. Elkins communicated to him what I said to him it was only that I had no such prejudice against him as to prevent me from giving him his fair influence with my administration. If I should be elected, I think while Mr. Platt claims that Mr. Elkins said more to him than this, Mr. Elkins denies it, and I am sure that after my talk with him Mr. Platt was convinced that I had never authorized anybody to make him any promises.

"That is not all. When I met Mr. Platt at Mr. Reid's country home in the campaign of 1892 I had a very long conversation with him in Mr. Reid's parlor and again was careful to say that I would make no promises, that he must not assume that anything I said meant any such thing.

"You know that while I was president I made myself unpopular perhaps by reason of the fact that I never said to anyone that I would make this or that appointment until it was actually made. I had senators standing by my desk urging an appointment which I had determined to make—the unsigned nomination being in my desk within reach of my hand, and I declined to tell what I intended to do, for fear that something would happen before the nomination was sent in that might show that the appointment ought not to be made. If you preserve this, some time or other—after I am dead, perhaps—it may see the light.

"With kind regards to all the family, Very sincerely yours,

"BENJAMIN HARRISON."

Mr. Miller says he went to New York in October, 1888, and there called upon Senator Quay in company with John C. New of this state. "I told him," he stated, "that the national committee was in bad straits for money and that Senator Platt had said that he would raise the needed money if he were allowed to name the secretary of the interior."

Continuing, Mr. Miller says: "We went to Mr. Quay's headquarters, the matter was brought up, and I told Mr. Quay and Mr. New that General Harrison confirmed the statement that such appointment would not be entertained. Mr. Quay said that the financial condition of the national committee then might be the defeat of General Harrison. "I said, 'Possibly that is so, but General Harrison has got along so far without being president of the United States, and I know from fifteen years' personal intercourse with him that he would much rather be defeated than to take the office under any promises to anybody.'"

"Thereupon Mr. Quay said to Mr. New and myself that he wished we would go and see Mr. Platt. We did go to the room of Mr. Platt in the Fifth Avenue hotel and there had an interview with him, and he confirmed the statement that he made such a proposition. Thereupon we left him and again went back to Mr. Quay and I told him that it was idle to talk of any such proposition. At their request I returned to Indianapolis and had an interview with General Harrison, who at once said that he would not con-

sider the proposition for one moment, and that evening I went back to New York and communicated the result to Mr. Quay. Mr. Quay said, 'All right, we will do the best we can.'

"In conclusion I may say that the office of secretary of the treasury was not mentioned, nor was any intimation made by anybody in any of the interviews by Mr. Platt or anyone else that any promise touching the subject matter had been made."

### MAY AFFECT ELECTIONS

French Government Must Suffer From the Duez Revelations.

Paris, March 10.—Revelations following the arrest of M. Duez, judicial trustee to the tribunal of the Seine and formerly liquidator of the properties of dispossessed religious organizations, who is charged with the embezzlement of probably \$2,000,000, is creating a profound impression, and it is predicted they will have a disastrous effect on the government's chances in the coming elections. The details of his alleged treatment of church property make amazing reading. There is much talk of other arrests. It seems that Duez shared his plunder with unscrupulous lawyers and others.

## YOUNG GIRL SLAIN BY JEALOUS LOVER

This Is the Second Time for  
Sanford Love.

Marion, Ind., March 10.—Sanford Love, aged thirty-seven, shot his sweetheart, Miss Dottie Murden, aged seventeen, the daughter of Mrs. Mary Murden, a widow, at the Murden home here.

Two bullets from a 32-caliber revolver entered the young woman's body. She died without making a statement. The shooting followed a quarrel and Miss Murden was returning Love's letters when he shot her. This is the second time Love has shot a girl with whom he was in love, having fired a bullet into the body of Miss Nora Miller, a waitress at the Hatfield hotel, on June 9, 1903. Miss Miller recovered and Love was acquitted by a jury on the plea that he was not mentally responsible.

After Love fired the two shots at Miss Murden he threw down the weapon and ran hatless from the girl's home into the street, asking a passing delivery man to take him to the county jail, where he gave himself up.

### To Have a Two-Days' Convention.

### TO THE PUBLIC.

I desire to say that when I took the agency for ZEMO, it was after a thorough investigation as to the merit and curative properties of this remedy for eczema, pimples and dandruff. I frankly admit, ZEMO has far exceeded my expectations as a cure for skin diseases. I am pleased to state that I shall continue the agency as ZEMO gives the best satisfaction of any similar remedy I have ever sold. My customers like ZEMO because it is a clean, vegetable liquid for external use. ZEMO cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clean and healthy. It does not soil the clothing or linens and can be used freely on infants.

We will give a booklet on skin diseases and explain to any person how they can be cured at home of any form of skin or scalp disease by this clean, scientific preparation.

### Why Salves Fail to Cure Eczema.

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A trial bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons.

### W. S. CARTER

President of the Brotherhood  
of Locomotive Firemen.

### THEY ARE WILLING

Vote of Locomotive Firemen Is Favorable to Gigantic Strike.

Chicago, March 9.—W. S. Carter, president of the Brotherhood of Locomotive Firemen, announces that the vote on the proposition to strike if wages are not raised on all roads west, southwest and northwest of Chicago, has been completed. The vote, he said, showed 86 per cent, or 20,000 men in favor of the strike. He said that 89 per cent of the non-union apprentices also voted to strike.

Conferences with the General Managers' association will be held March 17 in Chicago. Fifty roads are said to be affected.

## INDICTMENTS WILL SPARE INDIVIDUALS

But the National Packing Co.  
Is Up Against It.

Chicago, March 9.—The National Packing company will be indicted, but there will be no true bill voted against individuals in the beef inquiry by the grand jury to be reconvened next Monday to act upon the advice of the department of justice. Such is the result of deliberations held in the attorney general's office in Washington upon evidence carried to the capital by District Attorney Sims and Special Prosecutor Wilkerson. Mr. Sims and Mr. Wilkerson have returned to Chicago from Washington. Upon the advice of the department heads in the east, an effort to amplify in certain particulars the case which the government expects to present against the National Packing company as a corporation will be made and more witnesses will be summoned to the grand jury chamber next week.

## MINE OPERATORS NOT INCLINED TO YIELD

Strike of 150,000 Men Depends  
On the Outcome.

Cincinnati, March 9.—When the conference commenced it seemed certain that the demands of delegates of the United Mine Workers of America from Ohio, Indiana and western Pennsylvania would be flatly refused by the big mine operators, with whom the miners are holding a joint conference at the Sinton hotel. A strike of 150,000 or more miners depends on the outcome.

Should the operators find themselves forced to meet the demands, it would practically mean an increase of 25 cents a ton to the consumer, according to the statement of John C. Richards of Terre Haute, representing the National Coal company and other large interests. The miners are demanding an increase of 10 cents a ton for every ton of coal produced. They want an eight-hour day with half holiday Saturday. While the conference is between the miners and operators of only the three states of Ohio, Indiana and Pennsylvania, the report of the conference will be certified to the general convention of the Mine Workers' Union of North America here next Tuesday to be accepted or rejected, such action to govern all bituminous coal mines operating with union labor on the North American continent. The conference will probably continue some days.

Juneau, Alaska, March 9.—The only survivor of the thirty-eight miners in the Mexican shaft of the Treadwell mine when the powder magazine exploded last Wednesday is Ila Deretich, who wore about his neck a brass identification tag bearing No. 13. He is in a hospital at Douglas, but will soon be out.

## OVER HIS VETO

Kentucky Legislature Did Not Agree With Governor Willson.

Frankfort, Ky., March 10.—The so-called tobacco pooling bill, which Governor Willson vetoed, was passed over the veto by both the house and the senate. The house vote was 77 to 11, and the senate 31 to 5. The pooling bill provides for the recording of names of persons pooling tobacco or other farm products, and provides a penalty for any person purchasing or seeking to purchase the crop of any individual who has pooled that crop.

## OPEN GAMBLING WAS CARRIED ON

No One Denied the Situation at French Lick.

## TOM TAGGART'S DEPOSITION

Manager of Big Hotel Whose Charter Is at Stake in the Present Suit of the State of Indiana Deposes That He Knew Nothing of Any Gambling Except From Hearsay—Other Witnesses Say Gambling Was Openly Carried on, Though Natives Were Not Cordially Received at Casino.

Paoli, Ind., March 9.—Regarding gambling methods and players at the casino at Tom Taggart's big French Lick hotel, the state brought out many facts, traced the money won each night to employees of the hotel, but could not show that Taggart had ever received personally any part of the proceeds of the games. The men who operated the many gambling devices were not willing witnesses, but the state finally drew from them all that was essential to show that gambling was openly carried on. The witnesses said the casino was not closed from 1901 till the raid was made on it in 1906.

The "Yazoo Kid" was mentioned by Charles Ritter in giving the list of the roulette dealers. According to Mr. Ritter the Yazoo Kid's real name was Dickson. Among the others were Charley Earl, who operated the Klondike machine; Bob Venneman, Washburn and Bob Cohee, all roulette dealers, and Kaufman, who operated a spindle. Charley Ritter worked for Al Brown and also under Bob Colglazier, operating a roulette wheel in the casino. A host of witnesses, all residents of French Lick, testified that the casino had the reputation of being a gambling house. No one denied it, they said, and any visitor at the resort was admitted, regardless of sex or age, but residents were not so cordially received. The witnesses also testified that the men to whom the casino was rented, Al Brown and Ed Ballard, bore the reputation of common gamblers.

Taggart's deposition, taken when it was thought he would not be able to attend as a witness, was read. He admitted nothing but an interest in the property, which he described at considerable length. So far as gambling was concerned, he knew nothing except from hearsay.

## IN PRISON GARB

Max Emmerich Brought From Pen to Testify Against Gall.

Indianapolis, March 9.—Paul C. Gall, a local cigar dealer, is on trial in the United States district court, charged with aiding and abetting Max P. Emmerich, former clerk in the bank, in the abstraction of nearly \$28,000 from the Capital National Bank of Indianapolis. Garbed in a prison suit of coarse blue, Emmerich, who was convicted some months ago, took the witness stand to testify in behalf of the government against his former friend. Testimony was introduced to show that Gall had overdrawn his account \$3,000 at the bank and Emmerich had covered up the shortage on the books.

## NO DECISION REACHED

Lafayette, Ind., March 9.—Six hundred machinists, boilermakers and blacksmiths employed at the Monon railroad shops in this city have made a demand for an increase in wages. The road officials held a conference with a committee representing the machinists, who are now receiving 32 cents an hour and ask for 36 cents. After this conference the officials received the boilermakers' committee. The boilermakers are getting 34 cents an hour and want 38 cents. No decision was reached at any conference.

## TO RESTORE HARMONY

Senator Root Boldly Enters the New York Republican Breach.

Washington, March 9.—Elihu Root assumed the leadership of the Republican party of New York state when he addressed a telegram to Senator Davenport at Albany declaring that under no circumstances should the Republicans name as their spokesman anyone recognized as unfriendly to Governor Hughes. Mr. Root's telegram protested against the selection of Senator Cobb as leader of the senate.

Mr. Root's action is the first step in the direction of the re-organization of the party in New York. It means that the Woodruff-Barnes combination is doomed; that the new organization that is to succeed it is to uphold the hands of Governor Hughes and that every available force is to be put to work to bring order out of the present chaotic conditions.

Political conditions in the state have been the subject of many conferences between the New York Republicans of late, and it was decided that the time had come for Senator Root to act.

## A Fashion Chat on Smart Waists.

Furnished by Pictorial Review  
853 Broadway, New York City.

White linen shirt waists in tailor cut are now decorated profusely and handsomely with twisted white cotton cord. This cord is applied much as soutache would be. The effect is new and charming and the work is very easily done at home. Some of the more stylish waists are nearly covered with this cord while others have a few button-holes of it and rows around the collar, cuffs and sleeve caps.

Embroidery is very popular and waists of linen and finer texture are simply covered with massive designs.

Very, very sheer mull shirt waists are made with endless tiny lucks and grain the yoke. The lucks are a mere pinch of the mull. The collar and sleeve caps and waists are also tucked. These are charming

### GETTING IN LINE

The Campaign in Indiana May Be Said to Have Started.

[Special Correspondence.]

Indianapolis, March 10.—Now that the Democrats of Indiana have set their state convention, and the Republicans are well on the way towards their meeting for the making of a state ticket, the campaign may be said to have started, and the time has come for definite candidacies for places on the opposing state tickets. Professor Samuel C. Ferrell announces that he is a candidate for the Republican nomination for superintendent of Public Instruction. Prof. Horace Ellis, president of Vincennes university, has had a year or so in the way of a running start, in this race, but Mr. Ferrell declares, through his friends, that he is hopeful of landing the place. Mr. Ferrell is superintendent of the city schools of Shelbyville. He is well known elsewhere over the state as a natural leader among educators.

Charles W. Moores, of Indianapolis, is a candidate for the Republican nomination for supreme judge, to take the place now held by Chief Justice John V. Hadley, of this city. Mr. Moores is one of the best known attorneys of Indianapolis, and has a large practice. He is rated very high as a lawyer and as a citizen. He was for many years at the head of the Indianapolis school board, and served there with distinction and credit. He is a strong personality.

Thomas Taggart, being engaged at Paoli as a witness in the suit brought by the state to forfeit the charter of the French Lick Springs hotel company, on a charge of permitting gambling on the hotel grounds, was not able to be present when the Democratic state central committee set the dates for the state convention. Mr. Taggart was in Indianapolis last Sunday, and in a Denison hotel caucus of his henchmen, settled the details. The state committee met merely to put the formal touch on the thing already fixed by Mr. Taggart. Bernard Korbly, Seventh district chairman, being one of Mr. Taggart's attorneys in the Orange county litigation, was absent when the committee met.

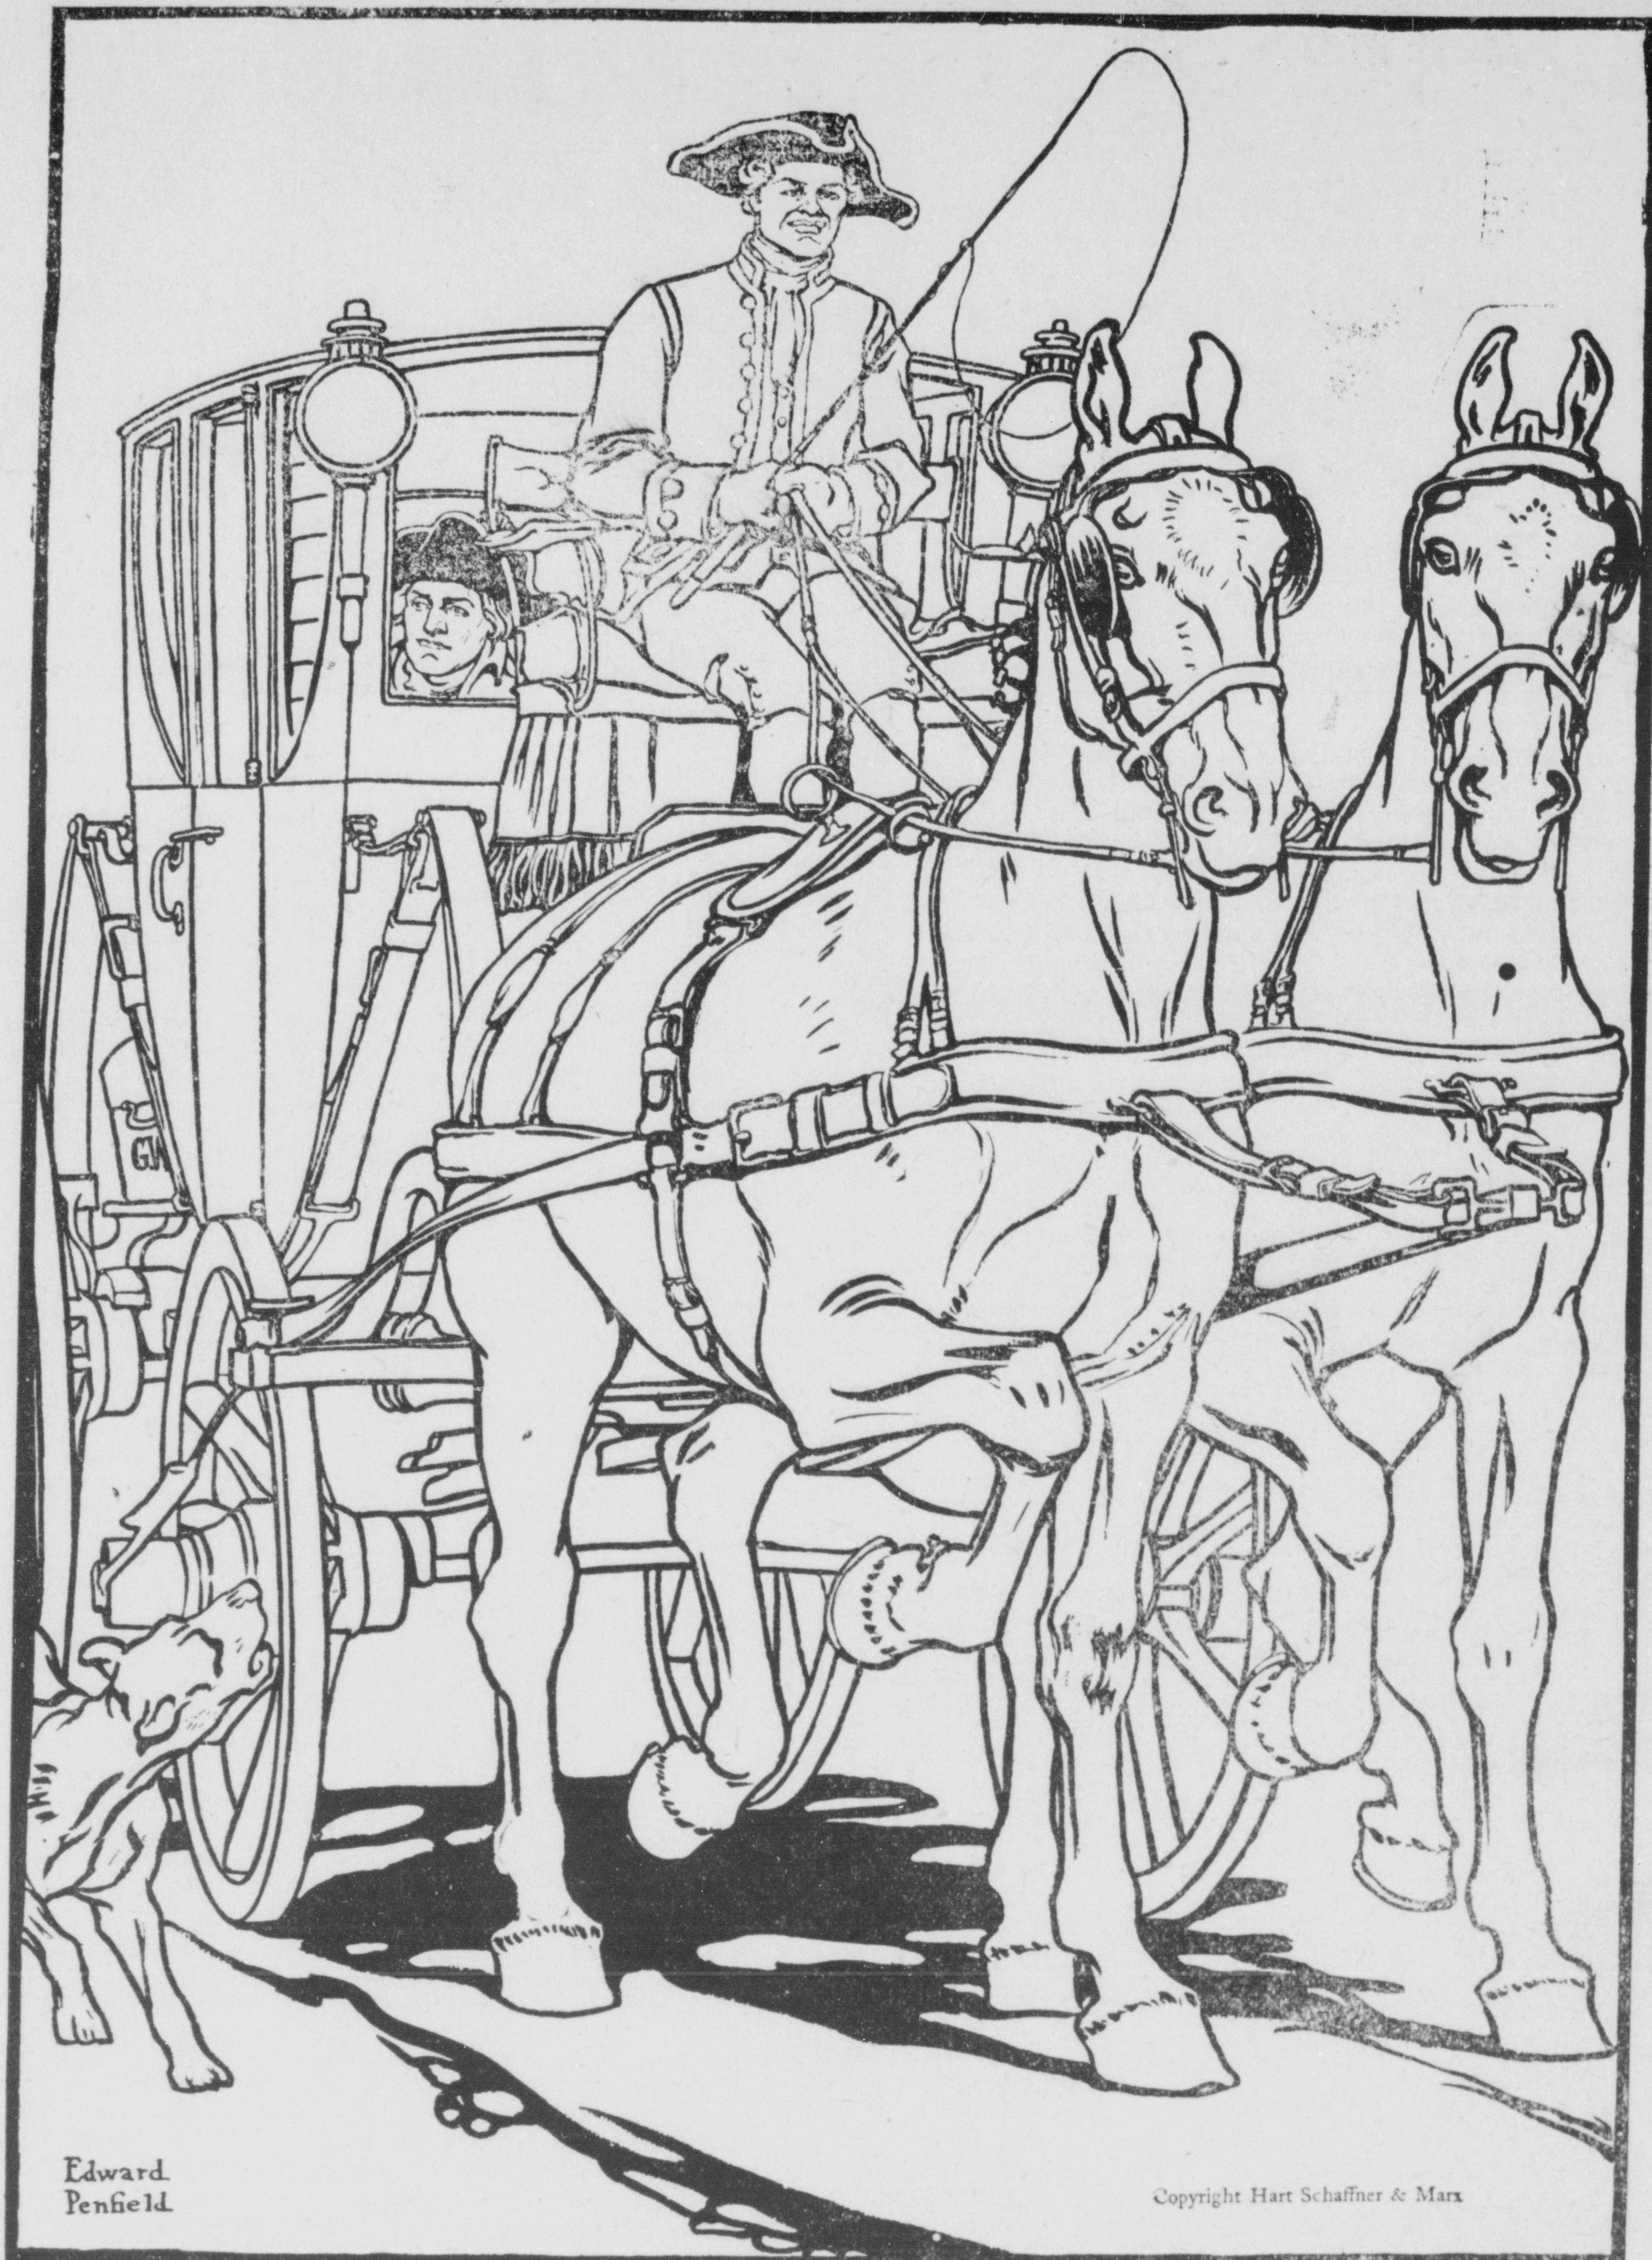

In view of the fact that Mr. Taggart not only is in complete command of the Democratic organization in Indiana, but also is a candidate for the United States senatorship, the people of the state are watching with more than ordinary interest the suit which is on at Paoli. It has been common knowledge that this litigation has dragged along for five years by reason of Mr. Taggart's absolute control of the machinery of law execution in Orange county. Republicans declare that Mr. Taggart has made himself an issue by assuming personal charge of the Democratic party, and that his conduct and affairs become meet for discussion when he enters a race for public office. It is predicted that the life and works and ambition of Thomas Taggart will be discussed all through the campaign, more or less. The issue is clearly drawn between Taggart on one hand and Beveridge on the other.

While the state-wide reception and welcome home being prepared in the honor of former Vice President C. W. Fairbanks is to be non-partisan in character, it is expected that Indiana Republicans will take lively interest in the preparations. Mayor Shank, of Indianapolis, at a meeting last night, proposed to the promoters of the reception, that the whole state be invited to take part in the greeting to the distinguished Mr. Fairbanks, who has been touring the world.

Discussion of the liquor question rises inevitably as the two party conventions draw near, and incidentally comes the information that of the 750 saloons in Indianapolis, some 356 are controlled or owned by brewing companies. Mayor Shank favors doing away with brewery controlled saloons. Attorney General Bingham has suits on to force the brewers out of the retail liquor business. If he succeeds in his suit, it is conceded that the ruling against retailing brewers would have a large political bearing. Democrats who man the state organization propose to avoid the liquor issue in their state platform. They will be governed by Republican action.

Charles F. Remy, of Indianapolis, formerly of Seymour, is being boomed for the Republican nomination for secretary of state. Mr. Remy says he has not given the matter thought, and that he does not know how he would regard the prospect of taking a place at the head of the Republican state ticket of 1910. Mr. Remy, it is understood, could have had the Republican state chairmanship if he would have agreed to accept it. Hugh T. Miller, of Columbus, former lieutenant governor, may yet be drafted by the delegates for secretary of state. R. G. Tucker, of Indianapolis, has been frequently mentioned as a possibility, but he has never stated his purposes definitely.

Will Publish a Retraction.  
Poughkeepsie, N. Y., March 10.—The libel suit of Congressman Hamilton Fish against the Poughkeepsie News-Press for \$50,000 damages for calling him a "weicher," has been settled without a trial. Frank B. Lown, attorney for the paper, apologized in court for the publication and announced that the News-Press would print a complete retraction.
